Aransas Pass

Clean, sparkling bays edged with marsh grasses, live oaks and tall stately palms. Our bay systems offer the best bay fishing in the state of Texas. Located in the South Central Flyway every year thousands of ducks migrate to Texas and nearly 500 species of birds travel through Aransas Pass.

Kayakers and canoers can enjoy a leisurely day of paddling, sightseeing, bird watching, dolphin watching, fishing on the designated kayaking trails throughout Harbor Island and around Lighthouse Lakes.
